Netsuite Search Engine Optimization Tools

The **SEO Netsuite** application is intended to be a test of mine to document the seo capabilities inside of the Netsuite Application Platform.

I have been in the SEO industry for over a decade now for a number of firms outside of NetSuite include some Forbes 100. Currently I am the CIO and in charge of all seo / sem in a Inc. 500 Fastest growing company. All of our sales are generated from organic seo. (Over 1200 first page rankings in google, yahoo, ask, etc.)

I have decided to write start this blog to document what works inside of NetSuite with regards to common SEO best practices. Along the way I will create tools to automate the processes that I find redundant or non existent in NetSuite. I am also creating a NSBOS application utilizing SuiteFlex, SuiteTalk, SuiteScripts and other useful tools inside of Netsuite for keyword research, analysis, PPC data, yahoo and google APIS and other SEO applications that I have found to be useful.

Please stay tuned as I will outline Netsuite and SEO.
